COMPANY
PROFILE

Who we are!

Welcome to Blazevue, a healthcare outsourcing company with over 70 years of combined experience in the healthcare industry.

OUR
MISSION

Our mission is to improve healthcare efficiency and quality while reducing costs and increasing patient satisfaction. We provide innovative solutions and technologies that enhance healthcare delivery. Our ultimate aim is to be a trusted partner to healthcare providers, insurers, and patients.

OUR
VISION

Blazevue is dedicated in transforming healthcare with innovative and cost-effective solutions that enhance patient care, reduce costs, and optimize performance. Trust, transparency, and mutual success drive our commitment to exceeding clients' expectations and building lasting relationships.

WHY
BLAZEVUE?

Get a list

We can provide you with detailed information about both the major plans and state-specific plans that you may want to consider.

CAQH Process

CAQH, the council for affordable quality healthcare, is a vital first step for new providers. As major players in the industry, we provide assistance with registration process for CAQH.

Requesting Contracts

After the approval of CAQH, payers are notified, and they offer contracts based on the panel status for new providers. In case they are not offered, we can request them on your behalf.

Submission & Follow-up

We make sure that each document requested is sent along with the completed form and that it reaches the payers upon confirmation of receipt we keep following up every two weeks to see if they need and documents or if it is approve.

WHAT
WE DO?

Our comprehensive RCM services encompass the following components

Appointments with Patients

We assist in maintaining a seamless patient flow and operating the clinic efficiently, reducing patient waiting times by scheduling appointments in an organized manner.

Eligibility Verification

We help you determine the precise amount a patient owes in the form of Copays, Coinsurance, and Deductibles. This information is vital in revealing the patient's payment history.

Conventional and Modern Coding

Our team of certified coders, including CPC, COC, CIC, CPC-P, CPM, CPMA, CPCO, CPC-H, and more, specialize in specific healthcare specialties and ICD-10 coding. They are responsible for ensuring accurate documentation with the appropriate CPT and ICD codes, as well as modifiers
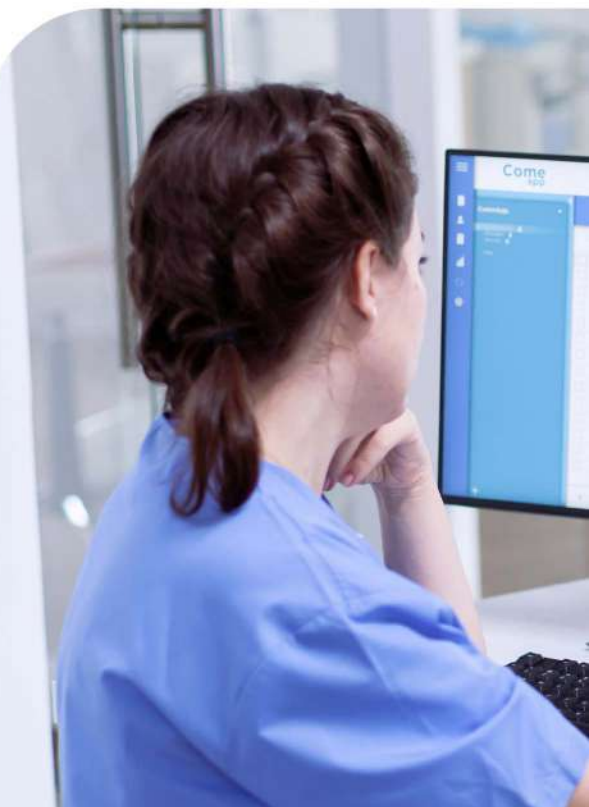

OUR
CORE SERVICE

Blazevue Healthcare provides a wide range of services, including Revenue Cycle Management, Credentialing, Medical Coding, Verification of Benefits. We are specialized in Cardiology, Pediatric Billing and Coding, Emergency Billing, Pain Management, Durable Medical Equipment, and General Surgery Billing & Coding.

Our team of experts ensures that healthcare providers can focus on delivering quality care to their patients while we manage their administrative and financial operations efficiently.
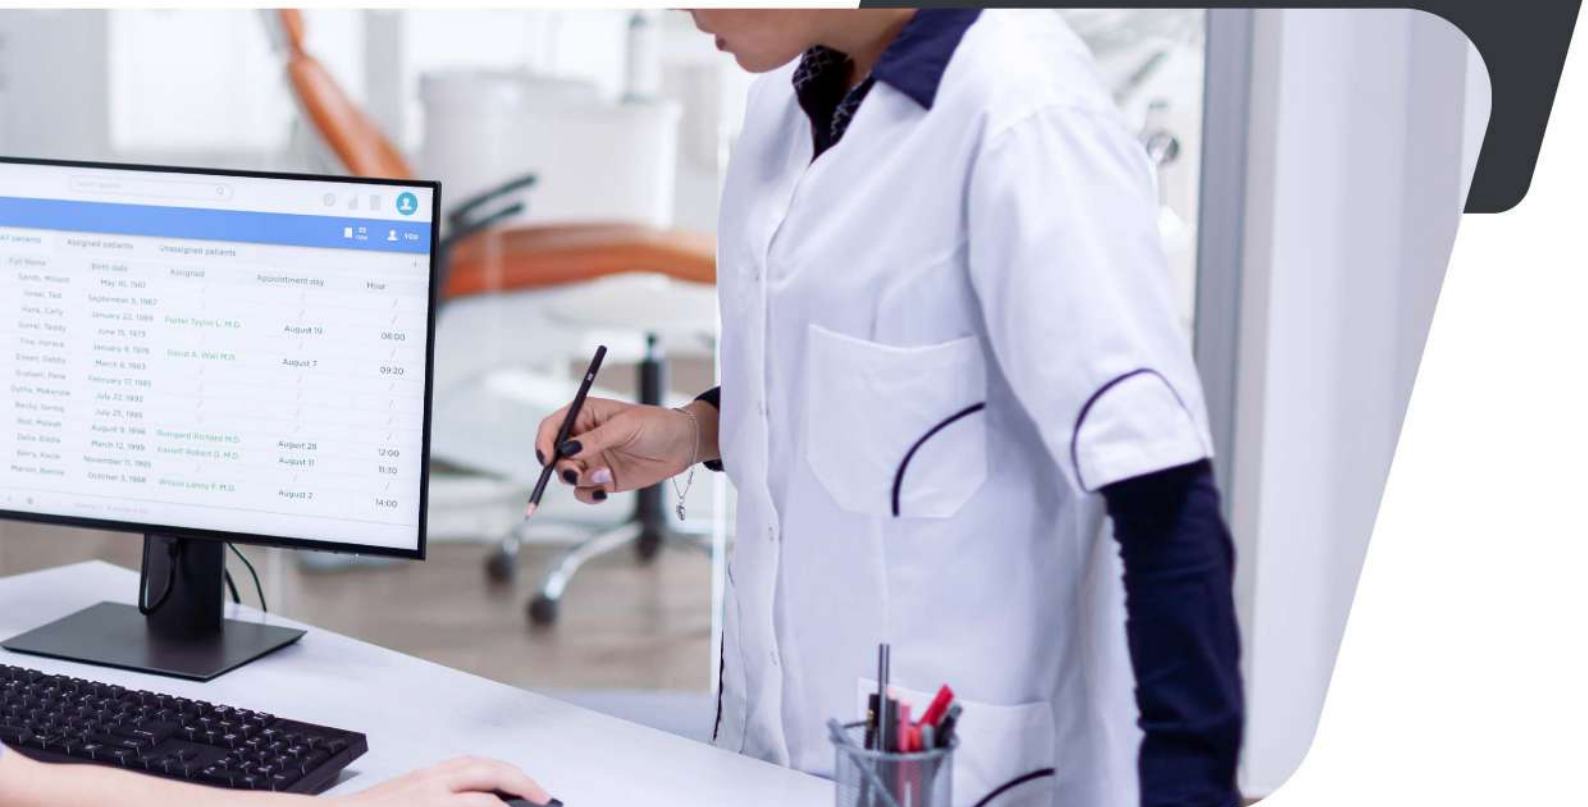

SERVICE
WE OFFER

Revenue Cycle Management

Blazevue Healthcare provides comprehensive Revenue Cycle Management services to help healthcare organizations manage their financial operations efficiently. Our team of experts can help you streamline your billing and collections process, improve revenue and cash flow, and reduce administrative burdens. Our services include coding and billing, claims submission and follow-up, denial management, payment posting, patient statements, and more.

Credentialing

We understand the importance of credentialing in the healthcare industry. That's why we offer professional credentialing services to help healthcare providers get enrolled and credentialed with insurance carriers, Medicare, Medicaid, and other government agencies. Our team ensures that all the necessary documents and information are submitted on time, so you can focus on delivering quality care to their patients.

SERVICE
WE OFFER

Medical Coding

With Blazevue Healthcare, you can rest assured that your medical coding needs are in expert hands. Our team of certified coders has extensive knowledge and expertise to ensure that your coding is error-free. We focus on maximizing your revenue collection by reducing claim denials and rejections, boosting revenue significantly.

Verification of Benefits

Blazevue Healthcare offers Verification of Benefits services that help healthcare providers determine patients' insurance coverage and eligibility. Our team verifies patient insurance coverage, checks their co-pay and deductible amounts, and ensures that all the necessary pre-authorization requirements are met before a patient receives treatment. This helps healthcare providers reduce denied claims and improve their revenue cycle management.

Overview

Our services provide a holistic approach to revenue cycle management for healthcare providers, optimizing their financial performance and allowing them to focus on their core mission of providing excellent patient care.

Entering Demographic Information and Claims

Our team of specialist billing experts handles the demographics and charge entry, allowing the medical practice to track the progress of their claims and receive updates on their filing status within 24-48 hours.

Quality Assessment

The Quality team oversees each step of the RCM cycle. They share daily quality reports and analytics with the internal team, as well as during the Client Review meeting with the client.

- Highly trained personnel to offer clients with updates.
- Several layers of cross-validation processes are implemented to ensure accuracy.

Electronic Claims Submission and Resolution of Rejections

We uphold a 99% clean claims standard, and share trends and analyses with the Coding and Claims entry teams, as well as the client, at their convenience or during review meetings.

Payment Posting

The payments received through ERA/EOB are posted in the system within 24-48 hours, and the reports are reconciled daily. Any denials are captured and forwarded to the Denial Analysis team.

- Two levels of quality auditing are employed to ensure that the process meets international standards.
- Trained staffs who understand the patient's responsibilities, such as secondary insurance coverage and other related factors.

Analysis and Resolution of Denial

We carefully analyse claim denials and identify the root cause of each problem.
We then escalate the issue to the relevant teams to ensure that the denials are resolved and preventive measures are taken to avoid their recurrence in the future. We share the denial analysis with the client on a weekly basis.

- Resolve any denials within 72 hours of receiving them.
- Detect the trend and monitor the daily percentage of denials.
- Refined system designed to prevent any interruptions in revenue inflow.

Accounts Receivable Tracking

Blazevue Healthcare Service operates behind every dollar on the table. Since taking on new projects, we have collected millions of previously untapped dollars. We proactively follow up with insurance companies to inquire about outstanding claims over 30 days using AR calling.
We provide our practice with weekly or monthly reports that include trends and details of our findings.

Monthly Reporting

Blazevue Healthcare sends a monthly report that includes a financial summary, procedure productivity, collections reports (including adjustments). We provide details of insurance-wise financials, rejections, denials, and accounts receivable (AR) reports, along with the practice

Monthly Patient Billing Statements

Blazevue Healthcare assists in simplifying your collections process by sending monthly statements to patients. Keeping patients informed on time and consistently helps them to manage their payable amount. We also manage patient calls and accept payments over the phone.

BILLING SPECIALTIES
WE MANAGE

We are multi-specialty experts, and some of our clients come from these domains.

- Cardiology
- Pediatric Billing and Coding
- Emergency Billing
- Pain Management
- Durable Medical Equipment
- General Surgery Billing & Coding

SOFTWARE
EXPERTISE

We have first-hand experience working with over 50 of the leading practice management systems. Some of the most commonly used software include.
